Ron Charles has [tweeted](#) that a new Pynchon novel will be published by Penguin in Fall 2013. Entitled *Bleeding Edge* the work will not quite be out in time for [International Pynchon Week 2013](#), but... wow.

Charles stated that two Penguin employees had confirmed the news to him and there's already a [piece up about it at The Huffington Post](#).

Let the PYNCHON-L speculation begin!
